A. and GOLDFARB, M. M., Inst. Poliomyel. Viral Encephal., Moscow, USSR. *Vop. Virusol.* 4: 401-407 (1968).

Erratum

An unfortunate printer's mistake occurred in the article by J. HAVELKA *et al.* entitled 'Excretion of Chloramphenicol in Human Milk', published in *Chemotherapy*, Vol. 13, No. 4 (1968).

Paragraph A under 'Materials and Methods' on p. 205 should correctly read: 'For the determination of minimal concentration, the human milk was collected at 6 o'clock every morning, immediately before the administration of the early morning dose of antibiotic.'

As this is an essential alteration, readers are requested to kindly make the necessary adjustment in their copy of this issue.
